Cuernavaca is one of Mexico’s most historic and beautiful colonial cities. The state of Morelos is a center for the production of floricultural crops.

The city is located approximately 50 miles south of Mexico City on the M-95 freeway. It is very easy to arrive in Cuernavaca from the Mexico City Airport using first class ground transportation.

Kukulcan has been selected to host this educational activity because of their outstanding staff, facilities and service. The new Vitali Suites and dining area provide a comfortable, atmosphere and retreat. The Kukulcan campus creates a very special and personalized learning environment which will enhance this once in a lifetime experience.

Facilities include indoor and outdoor classrooms, swimming pools, manicured gardens, reading room, cafeteria, wireless internet access, all less than 15 minutes walking distance from the historic downtown area.

Cost per participant: $800 for double room occupancy or $950 for single room occupancy. What’s included in the cost: Registration fee, VITALI Suites accommodations, offering 2 meals per day (breakfast & lunch), tours and excursions (see the Activity Schedule), books, wireless internet access. Roundtrip airfare and ground transportation to Cuernavaca are not included (NOTE: Roundtrip ground transportation to Cuernavaca is approximately $30 US per person).

Spanish Immersion: FLORI-Culture & Marketing
February 24 - March 1, 2008

Labor and marketing have been identified as 2 of the most critical issues facing the GREEN industry. Both of these areas are largely impacted by the growing Hispanic population within the US. The ability to effectively communicate in Spanish and an appreciation of Latin-American culture are rapidly becoming essential skills for successful GREEN industry professionals.

**Labor:** Workforce shortages and immigration regulations have significantly limited the availability of Hispanic laborers. Finding and retaining these laborers is largely dependent on creating a workplace which is sensitive to cultural needs and differences. An improved understanding of these cultural differences is extremely important in creating and maintaining a productive workforce.

**Marketing:** Identifying new markets for GREEN products is an important strategy for sustaining economic growth and profitability. The ever-growing population of Hispanics in the US represents a virtually untapped market for GREEN industry products and services. Learning and understanding how these products are marketed and sold in Latin America will be a key in developing this market in the US.

A working knowledge and ability to communicate in Spanish is the first and most important means of addressing both of these critical issues. This week long Spanish Immersion program will provide a unique learning experience, designed around your personal needs and interests.

Participants will have the opportunity to learn or practice functional and conversational Spanish in small classes with accredited teachers. Regardless of your elementary, intermediate or advanced Spanish language skills, this program will provide personalized instruction in a beautiful learning environment.

In addition to language instruction, participants will also take part in a variety of educational tours focusing on floriculture and marketing. This will include regional garden centers, marketing cooperatives and production facilities. Local professionals will accompany each tour to provide information and address questions.

Kukulcan has been selected to host this educational activity because of their outstanding staff, facilities and service. We feel that combining the beauty and comfort of this educational facility with personalized instruction and local tours will offer a unique and memorable learning experience of a lifetime.

FAQ - Frequently Asked Questions

1. What is included in Kukulcan’s Spanish immersion cost?
A1. Registration; tuition; books; housing in single or double room occupancy (per student’s preference); 2 meals per day (breakfast and lunch); functional speaking clinics and 4 excursions/tours.

2. What is not included in the cost?
A2. Airfare to and from México City (cost varies depending on the origin of travel and length of stay), transportation from México City’s airport to Cuernavaca (estimated at approximately $12 US if coming by bus or $75 US if using Kukulcan’s private chauffeur service), dinner each night and health insurance (please bring a copy of your Health Insurance Card, if available).

3. How much should I budget for my personal expenses?
A3. The answer to this question depends entirely on each person, but you can estimate spending approximately $10 - $20 US for dinner each night (although lower/higher cost options exist). Don’t forget shopping and additional entertainment costs.

4. When do I pay my fees?
A4. Students are required to make two basic payments:
   a) The first payment, the deposit fee ($150 US) is payable via wire transfer to Kukulcan’s bank account or through Paypal. It is due when you register and it is non-refundable, but 100% accredited towards your tuition. See the Payment Options bulletin for more details.
   b) The second payment, which covers the remaining balance (tuition, books, accommodations and optional private chauffeur service), can be paid in advance using PayPal or wired to our account - OR paid at Kukulcan on the first day of classes. We accept cash, travelers checks or credit cards (VISA and Master Card are accepted with a 5.5% service charge. American express is not accepted. See the Payment Options bulletin for more details.

5. What is the refund policy?
A5. Deposits are non-refundable.

6. After I enroll in Kukulcan using the website, what should I start working on?
A6. First. You should begin to work on the immigration documents required to enter México. Remember, immigration guidelines vary according to age and nationality, so please check with the airline carrier when booking your flight. They will have the latest updated information. A passport is required to travel to México. Minors may also need a notarized letter from a legal guardian(s) approving their unaccompanied trip. Remember, YOU ARE COMING TO KUKULCAN AS A TOURIST – NOT A STUDENT. Classified as a “tourist,” you are allowed up to six months for travel, recreational and cultural activities in México. Be sure the immigration officer prints the correct number of days for your stay in México.

Continued on next page
Second. Purchase your airplane ticket. Don’t forget to schedule it to México City and NOT to Cuernavaca. Cuernavaca’s airport is small and features only a limited number of connecting flights. Remember to schedule your flight to land sometime in the morning or early afternoon, since traveling to Cuernavaca from México City is easier during daylight hours.

Third. You will need a copy of your Health Insurance Card, demonstrating your coverage during your stay in Mexico.

Fourth. Pay your deposit fee of $150 US (fully accredited towards your tuition) per above instructions.

7. Will it be easy to exchange money in México?

A7. Yes. Banks and money exchanges are typically open Monday through Friday from 9:00 a.m. to 4:00 p.m. and most Saturdays from 9:00 a.m. to 2:00 p.m. In addition, ATM machines are available at the airport and throughout Cuernavaca, providing service 24 hours a day. Major credit cards are also widely accepted in México at restaurants, shops, hotels, etc. Traveler checks are not recommended since they are sometimes difficult to exchange if you do not have a formal ID form (ie. passport).

8. What should I do when my plane arrives at the México City airport?

A8. Welcome to México City! Upon landing, pick up your carry-on luggage and follow the signs (marked in English) through the airport terminal to the Mexican migration area. Here, you will hand the officer your passport and migration forms given to you by the airline flight attendants. The migration officer will check your documents and stamp your tourist card. REMEMBER you will be a TOURIST while in Mexico NOT a STUDENT. As a “tourist”, you are allowed cultural and recreational activities, like your Spanish immersion program at Kukulcan. This migration card will note the number of days you will be staying in México, so be sure the officer prints the correct number of days on it. You are permitted to stay up to six months, so watch the number of days the inspector writes down and compare it to schedule. If it is less than you planned, kindly suggest that the officer modify it (do not worry – this rarely happens but if there is a mis-print it can make your departure a bit of a hassle).

After your migration papers have been processed, go and pick up your remaining luggage at the carousel marked with your flight number. An airport representative will check your baggage claim numbers against the baggage claim receipts stapled on your plane ticket receipt to be sure they match. Don’t lose your claim tickets! Once you have gathered all your luggage and possessions proceed to the customs area, where you will hand over your customs declaration (also provided by the flight attendants on the plane). Be prepared, as you may be selected for a simple, random, routine search; like in any airport around the world.

9. What is the best way to get from the México City airport to Kukulcan?

A9. There are 2 recommended ways to get from the airport to Cuernavaca and Kukulcan.

a) Take the luxury, non-stop, commuter bus “Pullman de Morelos” which departs from in front of the international terminal every 55 minutes to Cuernavaca’s bus terminal “Casino de la Selva.” The ride takes approximately one hour and 40 minutes and costs approximately $12 US dollars. You may purchase the ticket before boarding the bus. Once you arrive at Cuernavaca’s bus station, take a taxi to your accommodations. See the Pullman de Morelos bulletin for details.

Continued on next page
b) Hire Kukulcan’s private chauffeur service to pick you up and deliver you at your accommodations. To arrange this, we need your exact flight information at least one week prior to your arrival. The rate is $75US, one person. It can be divided by two students and the cost is $100US not including a carry-on, if your flight is late or cancelled and you cannot reach our representative personally, it is your responsibility to notify Leticia Becerril at least twelve hours in advance of your originally scheduled pickup time, otherwise, you will be charged for this service. Minor delays do not require notification as chauffeurs will wait at the airport for up to two hours after your originally scheduled pickup time. Chauffeur’s coordinator person is Haifa Ghawi and her contact phones are (777) 374-0854 cell, (52) (751) 344.0148 home, in case you can’t reach her, you can call Leticia Becerril at (52) (777) 119.3794 cell. Our chauffeur will be waiting outside the international arrival gate E2, close to the restaurant named “Freedom” to your right as you exit customs. Please make sure that if you exit from E3 you walk towards the Freedom Restaurant. The chauffeur will be holding a sign with your name on it. Please allow a minimum of 20 minutes waiting time near the “Freedom” restaurant before moving on. As life can be unpredictable, so can traffic jams and unexpected time delays, so please be patient.

10. How do I get around while in Cuernavaca?
A10. Because of Cuernavaca’s warm weather, it is a perfect city for walking around. All major avenues feature “rutas” or buses running to and from various destinations, and cost around 45 cents US per ride. After 8:00 pm, it is advisable to use a “Radio Taxi.” Be sure to always negotiate the taxi fare before you head for your destination. As an additional safety measure, check the front and rear license plates to confirm that they match with the sticker in the rear windshield. All four numbers and three letters must match. If they do not match, do not take it. Try always to sit in the back seat and travel with a group. Like in any mid-size city, use common sense when getting around.

11. What should I pack for my Spanish immersion?
A11. The dress “code” at Kukulcan is informal, so you are welcome to wear jeans, t-shirts and shorts. Around town, Mexicans dress a little more formally than we do in the US. Very few people (men or women) wear shorts in public. Jeans and long pants are fine. Shirts with collars, skirts and light dresses will ensure that you “blend in” with those around you.

As far as class material and resources go, we recommend bringing an English-Spanish dictionary and/or any other grammar book(s) that might be helpful in your studies (i.e. Spanish 501 verbs).

12. What shots should I take prior to my travel to México?
A12. There are some shots (especially in the US) that can help prevent diarrhea and flu; consult your doctor for more information. Furthermore, if you are presently taking a specific medication or prescription, please make sure that you bring enough of the medication to last for your duration in México along with the doctor’s prescription justifying the medical use, for migration purposes. Travelers are not allowed to bring in or take out prescription medications without a doctor’s written prescription.

13. Is laundry service available?
A13. Laundry service is not included in the registration/tuition fee and we hope you will bring enough clothes for your stay. However, we do have access to a laundry service that will pick up and deliver for approximately $5.00 US per load.

Continued on next page
14. Will I have internet access?
A14. Yes, at KUKULCAN we have wireless connection at 512 Kbytes. You are welcome to bring your laptop with a wireless adaptor. Additionally, there are various internet cafés two or three blocks from Kukulcan where we have negotiated a weekly fee of $6 US for unlimited internet access. Please remember that most of the internet communications in México are via phone lines vs. cable, so it may seem a little slow compared to what you are used to.

15. Will I have access to a phone and/or fax?
A15. There are numerous phone calling options in Mexico. We suggest that you contact your cell phone carrier to determine if your coverage includes Cuernavaca (be sure to check out the cost) You can also purchase a prepaid TELMEX card that can be used with any public phone in the city OR, you can bring a prepaid phone card (i.e. AT&T, MCI) along with you from home (this is often more advisable because of the extremely high phone tariffs in México). Public phone booths are located every three blocks throughout the city.

Sorry – but we can not make our business phones at Kukulcan available for your use. We do have a FAX machine which we can make available for a small fee.

16. Will I be able to exercise during my stay at Kukulcan?
A16. Yes, the school features a swimming pool and showers, that can be used for exercising. We also have a list of local gyms and exercise facilities that we can recommend.

17. Will I be able to make any flight changes or travel arrangements during my stay at Kukulcan language school?
A17. Yes, our administrative staff will not only help you with their personal suggestions, but will also provide you with the phone numbers and addresses of major airlines companies as well as travel agents that can specifically fulfill your requirements.

If you need further information, please do not hesitate to contact me. Best regards and see you soon,

After you get your tickets continue along the hallway and down the stairs/escalator to the outside platform area. Look for the bus that says Grupo Pullman de Morelos – Cuernavaca - Casino.
