

What Growers Need to Know 2016 Season

Growing Regions

**Berry
Split**

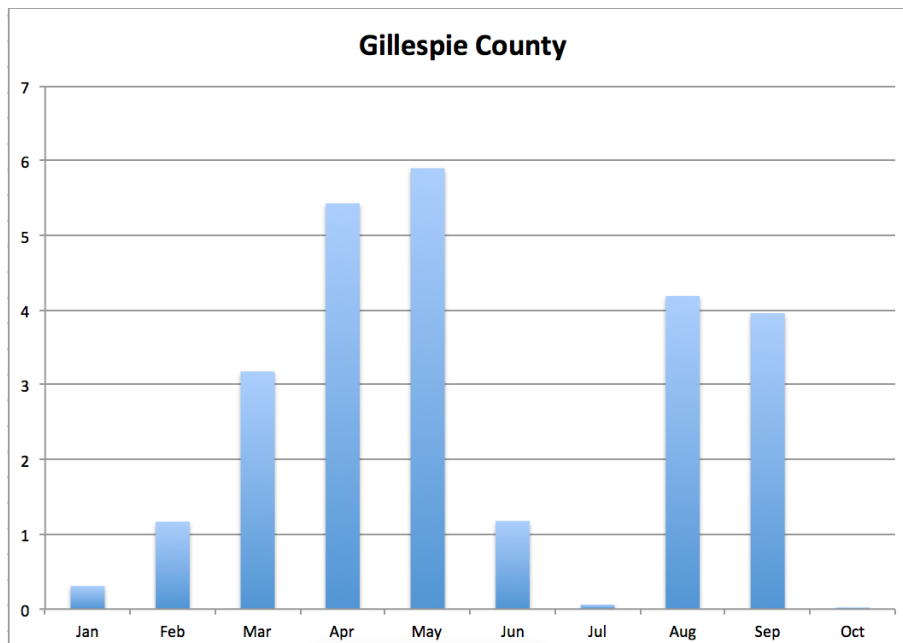

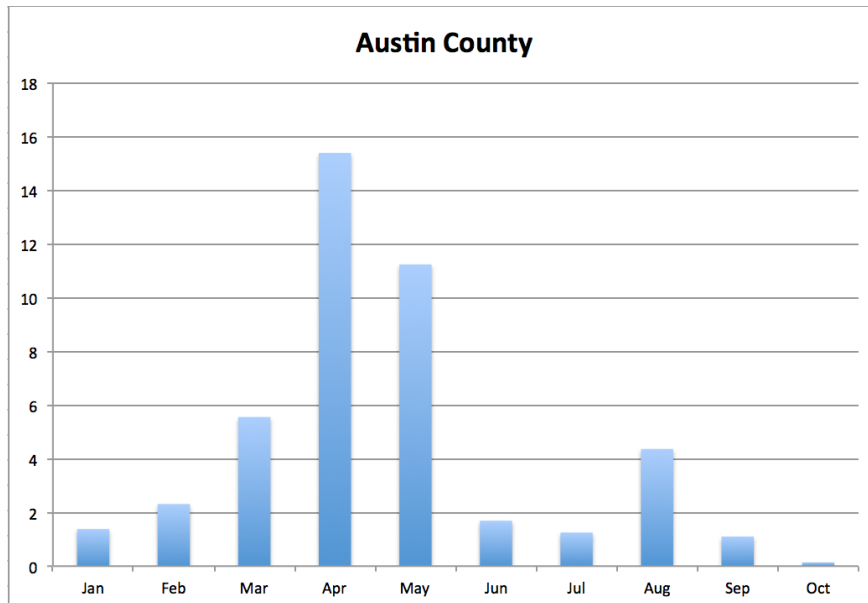

Rot of Reds

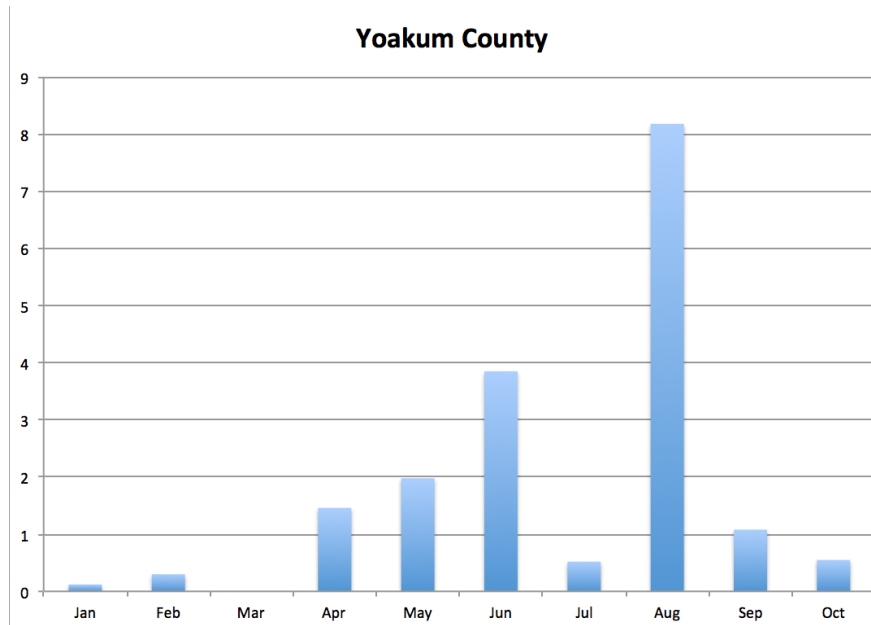

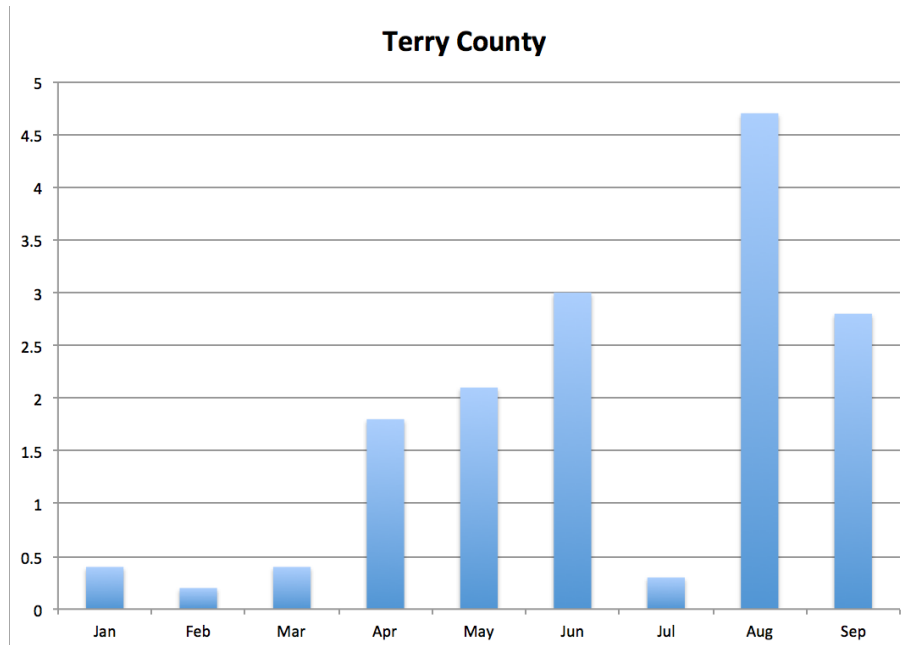

The Questions

- **Rain arrived at inopportune times this season. What were the challenges posed and how did you handle them?**
- **What other challenges did you face this year and what will you change moving forward to deal with them?**

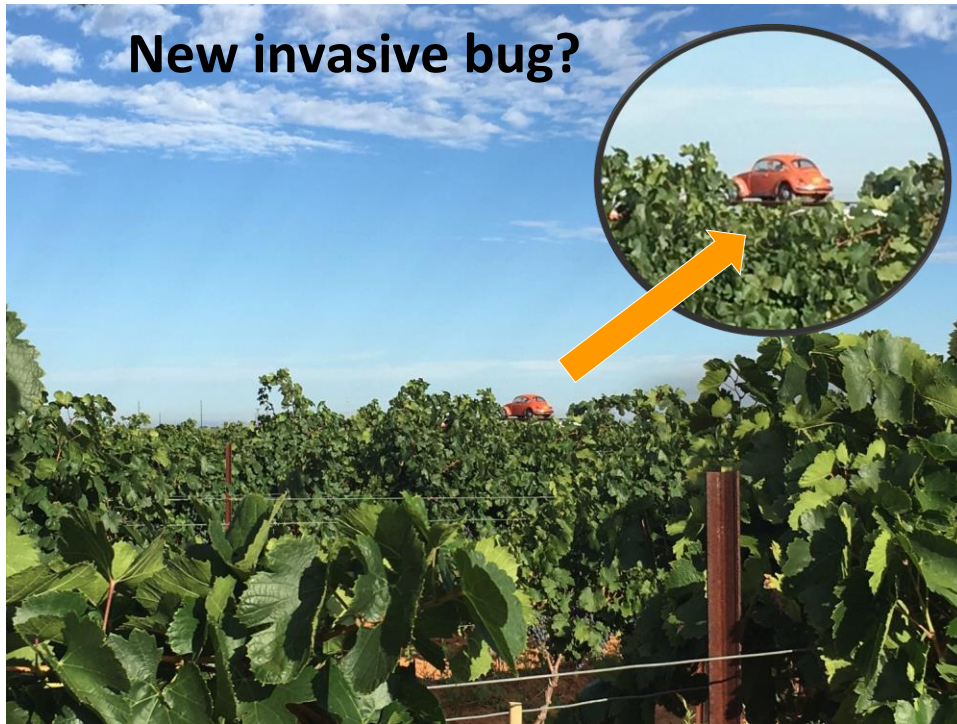

The Questions

- **Did you adopt any novel technology or mechanization that you will continue with?**
- **If you could buy a new piece of equipment that you do not have, what would it be?**

The Questions

- **Many new grape varieties have been planted in the past 3 years, which have the best potential in your opinion?**
- **What varieties would you not plant more of and why?**

Big Expectations!
